You're struggling in one way or another. Maybe you're having trouble paying the bills or maybe you just desperately need or want some extra money. You're certainly not alone. We could all stand to earn more money. More and more people are finding that Internet marketing and making money online is the perfect, life-changing way to earn the extra income you need.

What would an extra \$500 per month do for your family? Maybe it would take care of a car payment or a good chunk of the mortgage. Maybe you wouldn't have to struggle, and perhaps you could even start to put some money away in savings. An extra \$500 per month is life-changing for the majority of people.

The great news is that there are so many amazing business models you can use from home to earn this extra money. This might surprise you, but it is actually not that difficult to earn an extra \$500 per month. You just have to have the right strategies and the right mindset. You don't have to wait for anyone to hire you—you're going to start your own business from home.

In this report series, I'm going to present several different \$500 per month options to you. You just need to pick one and follow through with it until you succeed. In many cases, you can start to earn money extremely quickly. In other cases, it will take longer but the wait will be worth it. Whether you're already an Internet marketer or not, what you're about to read is going to be life-changing for you.

I want to stress that, for this to work, it's very important that you follow through. You need to decide that you are going to change your life. It's

important that you have the right expectations from the start. I'm not promising that you can earn millions of dollars overnight. What I am promising is that you can take steps to change your life, today.

Isn't it worth working hard right now so you can have a long-lasting income stream? Isn't it worth putting forth the effort to earn enough money to change your life? I know you agree it is. Go ahead and read through this guide now. Then, choose your method and take action with it right away.

I want to make sure you realize that a huge part of the battle is already won. When many people get started making money online, they are often unclear about what they want other than to earn "more money." You already have a solid goal – a target of \$500 per month to work toward. When you have a goal like this that's very specific, it's a lot easier to reach. It does a lot for your mindset and can make a dramatic difference in your chances of success.

Write the number \$500 down on a sticky note and attach it to your computer. Make sure you see this figure every single day. Have a daily plan that you follow, based on what you're going to learn in these pages that will help you reach that \$500 per month mark. Then, after you achieve that goal, move your goal up. You can earn \$500 a month, \$1000 a month, \$2000 a month... Or a whole lot more. What you achieve is up to you.
